STALLION CONTRACT

I hereby agree on _____ (date) to breed the mare,

Registration number _____,

to the following stallion,

Fair Little Peppy or Cowasocki Cat (circle appropriate stallion)

This breeding shall be for the 2014 breeding season.

The stallion fee is \$1000 for Fair Little Peppy and \$1,000 for Cowasocki Cat, which includes a non-refundable fee of \$500 which is payable at the time this contract is signed and returned. The balance of the stallion fee and any shipping fee for shipped semen must be paid in full prior to shipment. Cooled shipped semen charges will be \$300 per shipment. Frozen semen is owned by Holeman Quarter Horses and is available at an additional fee of \$500 per breeding. Additional straws can be requested for subsequent cycles at an additional fee.

A photocopy of the mare's registration papers must accompany this contract. The recorded owner on the registration papers will be the owner recorded on the stallion breeding report.

Mares on the premise will have breeding priority on any breeding day. Therefore, we make no guarantee that cooled shipped semen will be available for transportation on any specific day. Stallion collection is available on Monday, Wednesday, and Friday thru the breeding season (March 1st through July 1st). Frozen semen is available for both stallions for an additional fee.

All requests for shipment of cooled transported semen must be received by 7 PM on the day before the semen is to be shipped.

This contract contains a “live foal guarantee” that applies when the mare has been checked in foal by a licensed veterinarian and has been given killed Rhinopneumonitis vaccine per manufacturer’s recommendations. A live foal is defined as a newborn foal which stands and nurses without assistance.

If the mare aborts a pregnancy after being vet checked in foal, or if the mare fails to conceive during the normal breeding season, Holeman Quarter Horses agrees to rebreed the same mare or suitable substitute mare during the next year’s breeding season. Rebreds will be subject to a \$500 charge for re-breed expenses at Holeman Quarter Horses discretion.

A Breeder’s Certificate will be issued for the foal conceived as a result of this breeding after all expenses have been paid in full and after the foal is born and reported to Holeman Quarter Horses. If the breeding results in multiple foals, the mare owner is responsible for a breeding fee for each live foal which will be paid in full before Breeder’s Certificates will be issued.

Holeman Quarter Horses shall not be liable for damages as the result of damage to the semen or as a result of the mare failing to conceive. Holeman Quarter Horses’ sole liability under this contract is in the event the stallion should die or become unfit for breeding purposes, then this contract shall terminate and any money paid on stallion fee, except the non-refundable booking fee, shall be refunded to the mare owner.

When signed by both parties, this document will become a legally enforceable contract, binding on both parties. The parties acknowledge that this agreement is made and shall be considered to be entirely performed within the State of Kansas and shall be construed and enforced under the laws of the State of Kansas. An equine professional is not liable for any injury or death of a participant in equine activities resulting from the inherent risks of equine activities.
